

Calculation

Allowable expenses, along with notional tax and NI (Class 2 and 4) are deducted from the total income to give the net income which is used in the assessment of benefit entitlement.

Any other income (including Tax Credits, benefits, pensions etc) and capital is also included in the assessment of benefit entitlement, alongside the net income figure.

Self-employed Childminders

Two-thirds of gross income is disregarded in lieu of expenses. Calculation is based on the balance.

Share Fishermen

Special rules apply and claimants should contact their local Council's Benefits Service for advice.

Self-employed Partnerships

Each partner will normally be deemed to have an equal share of the profits unless otherwise stated in a Deed of Partnership or Agreement.

Housing & Council Tax Benefit

Self-employed

Leaflet also available in large print

Introduction

This guide is one of a number produced with the aim of helping customers understand Housing and Council Tax Benefit.

It is intended as a general guide. People have different circumstances so for more detailed individual advice please contact your local Council's Benefits Service.

Self-employed earners

A self-employed earner is taken as being a person who works for an income but is not employed under a Contract of Service (an employee). You may be a sole trader or in a partnership.

Company Directors

If you have established a company and are a Director of it, you are regarded as being an employee and not self-employed.

Evidence of income

You should provide accounts showing all business income and expenditure for the last accounting year, or complete a "Declaration of Income and Expenditure from Self-employment" form available from your local Council's Benefits Service.

You may be asked to provide supporting evidence, such as receipts or invoices.

If you have only just become self-employed and you are unsure of your likely earnings, please contact your local Council's Benefits Service for further advice.
