28 September 2004

HIC SHOW AT M&IT SHOW

More than 450 exhibitors from the UK and overseas will be making their way to the Meetings & Incentive Travel Show at London's Olympia 6 – 7 October 2004.

Some 3000 potential buyers are expected at this respected industry event and as one of the UK's principle conference and exhibition venues Harrogate International Centre will be well represented.

Promoting all the elements that make HIC the preferred destination for many will be the team from Harrogate International Centre who will be there to make new contacts and inform existing clients of all the new developments at HIC.

Major news is the building of the Queen's Suite meeting rooms that are on target for opening in February 2005. The £5 million project will provide new versatile conference/seminar rooms with one large 700 seat room (600m²) which can be subdivided down into nine individual sound proofed rooms or any combination of these, all fully integrated with the Conference and Exhibition Centre.

On-line accommodation booking, CAD drawing, wireless internet access, improvements to the Hall Q package and a commitment to culinary excellence by HIC's partner Crown Venue Catering add to the reasons to visit Harrogate where a warm Yorkshire welcome awaits.
