PR1117.Nidd Pool charges.doc

DATE: 8 February 2005

NIDDERDALE POOL AND LEISURE CENTRE CHARGES

Prices have now been set for the use of the new swimming pool and fitness centre at Nidderdale Pool and Leisure Centre.

The charges for the use of the swimming pool are the same as Ripon Spa Baths and Starbeck Baths as they are similar sizes, although the council has had to take a different approach with the charges for using the fitness centre and for memberships.

Because of the unique make up of this facility, pricing for the use of the fitness centre and memberships has been pitched between the charges offered for similar memberships in Ripon and at the Hydro in Harrogate. In addition the council is also offering a 'couples' membership package that is unique to this new facility.

A standard membership that includes full use of the fitness centre and the swimming pool is £29.00 per month and concession memberships will be available. Anyone who takes out a full membership will also be entitled to discounts on using the dry leisure facilities such as badminton and squash.

Oliver Scaife, Leisure Services Manager, said “We believe that this pricing structure will give excellent value for money for what is a top class facility. The council has set the pricing to encourage participation and we hope that we will see families, couples and individuals making good use of this excellent new facility, which is closer to their doorsteps.”

Some of the prices for the facility are detailed below, for more information, and for additional prices please contact the Centre on 01423 711442.

SWIMMING ADMISSIONS

Adult	£2.90 per swim
Child	£1.50 per swim
