DATE: 26 May 2004

CARRIAGEWAY REPAIRS ON KINGS ROAD AND RIPON ROAD, HARROGATE

Major works to replace worn out carriageway on Kings Road and Ripon Road (as far as its junction with Hampsthwaite Road) will be carried out in two phases.

Phase 1 – Kings Road (from Cheltenham Parade) to the Swan Road junction of Ripon Road – work will commence on Monday 7 June 2004 between 2100 hrs and 0600 hrs to reduce the disruption to this area, and will take five nights to complete. Access will be restricted in this area whilst the works are being carried out. There will be a diversion in place during these night-time works.

Outbound traffic through Parliament Street will not be restricted. Inbound traffic will be diverted along Springfield Avenue and along Kings Road.

Phase 2 – Ripon Road (Swan Road junction to Hampsthwaite Road) – work will commence on Monday 14 June 2004 between 0900 hrs and 1530 hrs and will take 2-3 weeks to complete. These works will be carried out under temporary traffic signals which will be operating for the duration of the works.

This type of work inevitably leads to long delays to traffic, however, every effort will be made to minimise disruption.
