Subject:17/03414/EIAMAJ PROPOSED MSA KIRBY HILL

Hello

I am writing to lodge my objections to the proposed motorway service station at Kirby Hill.

First and foremost; with excellent services already established 10 minutes away at Wetherby and Leeming bar set to be upgraded it seems ridiculous that there is a need to have one at Kirby Hill.

A development of this kind would have such a negative impact on not only the countryside but on the villages of Kirby Hill and Boroughbridge. It would cause untold harm to the environment, be an eyesore to everyone who lives and works in the area and adversely affect the beautiful landscape forever. And with service stations come shops. Shops that will take trade away from the local traders.

It seems to me there are no benefits to this development. The total disruption this would bring to people who live and work in the area and who would have to live with this forever for something that the vast majority of the people in the area don't want.

With so many decent services in the area which are already established this idea seems nonsense and I strongly object.

Yours sincerely

Helen Baldwin
