To determine whether you need any of the following consents, please complete this form and the Council will provide you with a "Permitted Development Check". This will cover any requirements for building regulation approval, listed building consent, conservation area consent and approvals for tree works as well as planning permission.

Please note that most additions and alterations in respect of flats will need planning permission but you may use this form to establish whether any other of the above consents are needed. It makes good sense to do this: for your own peace of mind; for record purposes when selling your property; or when raising the money; or to show anyone who questions your right to build.

Submit **one** copy of the form and plan, either via e-mail to DMST@harrogate.gov.uk or to the above address with the required fee paid. You can pay online by visiting <http://www.harrogate.gov.uk/> and selecting the payment link at the top of the page. Alternatively you can pay over the phone by calling 01423 500600. Please make a note of your receipt number and transaction date and include it on the form, below.

We aim to reply within 15 working days.

- ◆ A grid is provided on the back page so that you can sketch your existing dwelling and your proposal.
